

Musculoskeletal Mini Course

- The Cervical Spine Sat, April 22nd 2023
- The Shoulder Girdle Sun, April 23rd 2023

Location: Eramosa Physiotherapy Associates 380 Eramosa Rd, Guelph, ON

- **The Cervical Spine Mini MSK Course Sat, April 22nd - 8:30 a.m. to 4:30 p.m.**

Instructor: Kristin Long, MCI.Sc, BHScPT, BScHK, CAFCI, CGIMS, FCAMT

Kristin is a Senior Partner at Eramosa Physiotherapy and has been practicing in orthopaedics for 21+ years. She is a graduate of the University of Guelph's Human Kinetics Program, McMaster University's Physiotherapy Program, and completed Western University's Professional Master's Program. She is a credentialed FCAMPT through her completion of the advanced manual & manipulative therapy exams (2004) and completed acupuncture courses and Gunn IMS. Kristin is an Instructor in CPA's Orthopaedic Division (AIM), in addition to holding a Professional Associate position teaching in both McMaster's Physiotherapy and its OMPT Programs. She has a special interest in the cervical spine.

- **The Shoulder Girdle Mini MSK Course Sun, April 23rd - 8:30 a.m. to 4:30 p.m.**

Instructor: Jacqueline Zwambag, MSc (PT), BSc Hon (HK)

Jacqueline is a graduate of the University of Guelph and McMaster University. Jacqueline has developed her skills through the completion of Manual Therapy Levels 1-3 and is working towards a diploma in advanced manual and manipulative therapy. She has also furthered her education by completing AFCE Level 1 Acupuncture course, and Lyn Watson Level 1 and 2 shoulder specialty courses. Her treatment techniques include the use of Manual Therapy, Specialized Exercise, and Soft Tissue Release. Her clinical interests include shoulder, low back, knee, and sports injury rehab. She holds EPA's Lead Shoulder role keeping all staff up to date regarding the assessment and treatment of shoulder conditions

Course Description: Each of our one-day Mini MSK courses are action packed to quickly gain clinical reasoning during assessment, effective handling & manual therapy skills (PIVMs, PAVMS, Stability tests & Mobilizations) and the progression of evidence-based treatment for each body region covered using a case-based approach.

Pre-requisites- This course is perfect for Physiotherapy Residents, foreign trained PTs or Registered PTs who want to quickly gain manual therapy exposure and/or upgrade their manual therapy skills.

Participants - Participants are required to sign a release of liability prior to the course. All participants should wear comfortable exercise clothing which allows access to the neck, shoulder & scapula.

Cost = \$350.00+HST/Mini MSK course = \$395.50

\$645.00+ HST for both courses= \$728.85

Registration from 8:15-8:30 am
