

Musculoskeletal Mini Course

- The Lumbar Spine Sat, June 10th, 2023
- The Hip & Knee Sun, June 11th, 2023

Location: Eramosa Physiotherapy Associates 380 Eramosa Rd, Guelph, ON

• **The Lumbar Spine Mini MSK Course Sat, June 10th - 8:30 a.m. to 4:30 p.m.**

Instructor: David Ross, MSc(PT), BA(HS), BSc Hons (Bio), Clinical Director

David graduated from Queen's University in 2006 with a Master's Degree in Clinical Physiotherapy and has been working in private practice ever since. He has completed many post graduate courses in manual therapy, sports rehabilitation, vestibular rehabilitation, cancer rehabilitation and functional capacity evaluations. David has assisted with teaching at McMaster University in the undergraduate science program. During his career he has had the opportunity to work closely with spinal surgeons to pre-screen and triage their patients. After joining the EPA team in 2021 David became EPA's low back lead, Clinic Director and is excited to share his knowledge and experience in this course.

• **The Hip & Knee Mini MSK Course Sun, June 11th - 8:30 a.m. to 4:30 p.m.**

Instructor: Craig Dixon, MSc (PT), BSc Hon (HK)

Craig completed EPA's Sport Physiotherapy Fellowship at UoG's Health and Performance Centre in 2016, where he served as the physiotherapist for the varsity men's hockey and track and field teams. Craig continues to work closely with athletics as the Acting HPC Clinic Director & team physiotherapist for the Gryphons men's varsity rugby team and was the past head physiotherapist for the [Guelph Nighthawks](#), a professional basketball team in the Canadian Elite Basketball League. He has a special interest in knee and lower extremity tendinopathies. Craig is also passionate about teaching, where he is part of the Master of Science Physiotherapy Program as Adjunct Faculty, and at the University of Guelph, where he mentors students as part of HPC's volunteer and co-op program. Craig is also a sessional lecturer within UoG's Human Health and Nutritional Sciences Department and the University of Guelph Humber's Kinesiology Program. Craig remains active in both Sporting and Orthopaedic communities, having served on SPC and currently in the role of Sr. Resource Chair of the National Orthopaedic Division.

Course Description: Each of our one-day Mini MSK courses are action-packed to quickly gain clinical reasoning during the assessment, effective handling & manual therapy skills (PIVMS, PAIVMS, Stability tests & Mobilizations) and the progression of evidence-based treatment for each body region covered using a case-based approach.

Pre-requisites- This course is perfect for Physiotherapy Residents, foreign-trained PTs or Registered PTs who want to quickly gain manual therapy exposure and/or upgrade with manual therapy skills.

Participants - Participants are required to sign a release of liability prior to the course. All participants should wear comfortable exercise clothing which allows access to the back, hip and knee.

Cost = \$350.00+HST/Mini MSK course = \$395.50

\$645.00+ HST for both courses= \$728.85

Registration from 8:15-8:30 am
