Join a Team That's Collaborative, Evidence-Based, and Patient-Focused

Eramosa Physiotherapy Associates (EPA) is looking for Registered Massage Therapists (RMTs) to join our growing team — and we're seeking professionals who are passionate about patient care and eager to work alongside a dynamic group of clinicians.

For nearly 30 years, EPA has been a trusted name in evidence-based care, with 9 clinics across Guelph and surrounding communities. We've built a reputation for excellence in orthopedics, pelvic health, pediatrics, concussion rehab, and more. Now, we're expanding our collaborative network to include more RMTs who share our commitment to quality care.

Why RMTs Choose EPA

Caseload Stability You Can Count On

- Our clinics receive up to 275 new patients per month, creating strong opportunities for referrals and a steady flow of clients.
- We actively promote massage therapy as part of our integrated care model, ensuring you're supported in building your schedule.

Collaboration That Elevates Your Practice

- You'll join a team of 40+ physiotherapists, 7 Occupational Therapists, and 6 RMTs across our organization, giving you a network of professionals to share knowledge and collaborate on patient care.
- This collaboration leads to referrals, helping you build your caseload.

Marketing That Drives Your Success

- Quarterly resource package drops to every physician's office in town.
- Your services featured on road signs, clinic posters, newsletters and our website.
- Benefit from our extensive marketing efforts designed to keep your services front and center.

Team Culture Where Colleagues Become Friends

- We're a team-based, evidence-based organization where collaboration is at the heart of everything we do.
- Regular social events and team gatherings help colleagues become friends, creating a supportive and enjoyable work environment.

What We Offer

- Competitive splits
- A supportive, multidisciplinary environment where your role is respected and promoted.
- Opportunities to collaborate with experienced physiotherapists and fellow RMTs.
