Location: Guelph Women's Health Associates (GWHA)

Status: Independent Contractor

Schedule: Flexible | Part-time or Full-time opportunities

Join a Collaborative, Evidence-Based, Patient-Focused Team

Eramosa Physiotherapy Associates (EPA) is seeking **Registered Nurse Practitioners** to join our growing **Guelph Women's Health Associates (GWHA)** location. This role is ideal for NPs who are passionate about women's health, value interdisciplinary collaboration, and want to build a sustainable, well-supported practice.

For nearly 30 years, EPA has been a trusted leader in evidence-based care, with 9 clinics across Guelph and surrounding communities. Our organization is known for excellence in orthopedics, pelvic health, pediatrics, concussion rehabilitation, and women's health. We are now expanding our collaborative model to include additional Nurse Practitioners.

Why Join EPA & GWHA?

Caseload Stability You Can Rely On

- We had over 9,300 new patients in 2025 across 9 clinics—our busiest clinics see up to 275 new patients monthly, providing steady referrals and fast schedule growth
- Active internal promotion of NP services across all EPA locations
- Established referral pathways to support rapid schedule growth

Collaboration That Enhances Your Practice

- Work alongside a multidisciplinary team of 40+ Physiotherapists, Occupational Therapists, RMTs, Psychotherapists, and Pilates Instructors
- Strong internal referral culture

Marketing That Supports Your Success

- Quarterly resource packages delivered to physician offices throughout Guelph
- Direct email campaigns reaching 30,000+ EPA/GWHA clients
- Visibility through clinic signage, road signs, newsletters, and website features
- Administrative and marketing infrastructure designed to support independent contractors.

A Team Culture That Feels Like Community

- Evidence-based, team-oriented environment
- Regular social events and team gatherings
- Supportive leadership that values clinician autonomy and expertise

ACTON • BURLINGTON • CAMBRIDGE • ELORA • GEORGETOWN • GUELPH • ORANGEVILLE

What We Offer

- Competitive contractor splits
- Flexible scheduling to suit your availability
- Fully established clinic space in a high-demand women's health setting
- Administrative, booking, and marketing support
- Access to Jane App, Microsoft Teams, and internal SharePoint resources
- A respected role within a growing, well-established healthcare organization

Scope of Practice & Responsibilities

- Conduct comprehensive patient assessments and review medical histories
- Order, review, and interpret laboratory investigations
- Develop individualized, evidence-based treatment plans in collaboration with patients
- Prescribe and monitor therapies within NP scope and Ontario regulations
- Determine clinical eligibility for hormone therapy and weight management programs (where applicable)
- Provide patient education, follow-up care, and ongoing monitoring
- Adjust treatment plans and renew prescriptions as required
- Collaborate with allied health professionals to optimize patient outcomes

Qualifications & Experience

- Registered Nurse Practitioner in good standing with the College of Nurses of Ontario (CNO)
- Master of Nursing (MN) or equivalent OR Completion of a recognized Nurse Practitioner program
- Minimum 2–3 years of recent NP experience (within the last 5 years) in one or more of the following:
 - Women's Health
 - Gynecology
 - Menopause & midlife women's health
 - Hormonal care
 - Weight management
- Experience with TRT, bHRT, and/or weight management programs considered an asset
- Strong communication skills and a patient-centered approach
- Comfortable working as an Independent Contractor

Ready to Join Us?

If you're an NP looking to grow your practice in a collaborative, well-supported women's health environment, we'd love to hear from you.

Apply by submitting your CV at hr@eramosaphysio.com and a brief introduction outlining your clinical interests and availability.
